Standard Terms & Conditions

Design Approval

Customer approval of the design proof is a contractual agreement authorizing Lykins-Signtek to release the order for production and installation as approved. Any subsequent request to change product specifications, content, location, or method of installation may result in a Change Order and additional charges.

Quotes, Orders, Payments

Prices on our quotes are valid for 30 days. Prices are subject to change as a result of material changes in customs duties or tariffs.

If you are tax exempt, you must submit your tax certificate to us with your order or deposit, or sales tax will be irrevocably due.

Orders are custom produced to your specifications. Unless other payment arrangements are in place, a down payment or advance payment is required to place an order, as follows:

- Advance payment is required for all orders ≤\$250
- Advance payment is required for all repair orders
- Advance payment of the standard fee is required for all permitting and engineering charges
- A deposit of 60% of order is required for all commercial mailbox systems
- A deposit of 50% of order is required for all other items

The balance is due upon completion. Past due invoices will be subject to a 1.5% monthly interest.

Goods sold remain the property of Lykins-Signtek until paid in full and we reserve the right to recover unpaid product without notice.

Cancellation

Should a custom order be cancelled by the customer, a cancellation fee equal to the greater of 10% of order total OR the actual completed portion of the order, plus any custom-ordered parts and any design, permitting, and engineering fees, will apply and will be due or deducted from any refunds. Standard product order cancellations may be subject to a 20% restocking fee.

Customer Responsibilities

Unless other contractual arrangements have been made, and where applicable, customer is responsible for the timely provision of:

- Special fonts, color specifications, and high-resolution images or vector files for artwork
- Landlord or property manager approval, supporting information and documents required for permitting
- Property survey and location marking for any ground signs
- Removal/disposal of old signs and patching/caulking/painting of walls prior to installation of new signs
- A dedicated electrical circuit with a junction box located directly at or behind an electrical sign, within max. 6 ft of the sign.
- Reasonable access to the sign and any junction box or wiring path of an electrical sign. Access must be possible by ladder, lift, or bucket truck for installation and servicing purposes (ceiling access panel size min. 22" x 30" per NEC).

Permits posted must remain on-site until all inspections are signed off by the inspector. We recommend keeping completed permits for your records.

Installation and Service

When installation is included with your order or service is provided, Lykins-Signtek is NOT liable for:

- Damage to unmarked irrigation systems or private underground lines.
- Hidden obstructions or unusual digging conditions such as buried concrete, cap rock, lime rock or high water tables
- Landscaping removal, restoration, or supply to satisfy sign code and permit requirements
- The preservation, condition or storage of prior signs or mailboxes removed at customer's request

Additional charges may apply.

Please note that our Installers are not authorized to modify the product or change installation locations in the field without formal client approval through a Change Order.

Warranty

Our standard limited warranty covers parts and labor for one year from date of installation. Warranty coverage is contingent on full payment. Request our Warranty Form for details.
